FREE GUIDE · COMMENT "FX"

86 viral effects. One line in Claude.

The exact setup I used for my reel: install once, then type **/etfx** and the effect. Captions in English & தமிழ்.

THE PROCESS

4 steps. Free.

1 Install once
In Claude Code, paste the line below. Restart Claude Code.

2 Drop your video
Vertical, waist up, with space above your head.

3 Type /etfx
Name the effect and when, in plain words.

4 Watch, then post
Not right? Say "the text covers my face". It fixes it.

COPY & PASTE

Install + prompts

```
# 1. install (Claude Code terminal)
git clone https://github.com/mrkarthik71/european-tamilan-fx ~/.claude/skills/etfx

# 2. then just type
/etfx glass-widgets for the first 3 seconds
/etfx captions behind for the whole video
/etfx my voice is Tamil, add English captions
/etfx orbit, then stats-split, then comment-box
```

MOST LOVED

Effects from my reel

/glass-widgets glass cards around you	**/orbit** your reels circle you	**/stats-split** your real numbers on top
/captions words behind your head	**/red-collage** bold red word + B&W you	**/cover-star** you on a magazine cover
